

K-Love is a wonderful radio station that I have listened to and supported financially for several years. It is great to get in the car and hear uplifting music when travelling.

I know many supporters in Phoenix and in all of the other cities K-Love touches would be disappointed if K-Love was not there.

K-Love touches the lives of people that are hurting. Many stories have been aired about a person just channel surfing on the radio and "found" a station that was different. The life of some people have even been saved. I have listened to some people on the radio say that K-Love saved their lives. They were down and out and about to commit suicide when they tuned into the station and called the help line and received encouraging words and prayer.

Please do not remove K-Love from the air, it is a great help to those in need!

Thank you,

Brian Cross
